

# Let's break it down

Only flush pee, poo, and paper.

Bin everything else, like wipes.

Keep porcelain, pipes, and people happy. Don't flush and forget, let's change our habits.

- children's toys
- rubber gloves
- towels and rags
- clothing
- underwear
- fats or oils
- engine oil
- bandages
- syringes and needles
- tights and pantyhose
- cigarette butts.

Wastewater is the water from toilets, sinks, showers, washing machines, dishwashers, and industrial processes. Flushing any of these items into the wastewater system can cause:

## **blockages**

and wastewater could flood your home

## **huge issues**

at our Wastewater Treatment Plant

## **harm for staff**

who maintain the wastewater pipes and pumps.
