---

Kia ora,

We refer to your information request below. Hamilton City Council provides the following response.

**Your request:**

- 1) When did you build your first raised pedestrian crossing, and why? (As opposed to a standard zebra crossing)*
- 2) How many have you built since?*
- 3) In the past 5 years, how many pedestrians have been injured on traditional zebra crossings in your area?*
- 4) In the past 5 years, how many pedestrians have been injured on raised pedestrian crossings in your area?*

**Our response:**

**1. When did you build your first raised pedestrian crossing, and why? (As opposed to a standard zebra crossing)**

In 2014/15 we converted a standard pedestrian crossing to a raised crossing outside McDonalds on Peachgrove Road due to complaints about speed in/through the shopping area. The raised crossing provides improved pedestrian safety, reduced vehicle speeds, and enhanced visibility.

**2. How many have you built since?**

Council has built 53 Raised Pedestrian (Zebra) Crossings in Hamilton since 2014/15.

**3. In the past 5 years, how many pedestrians have been injured on traditional zebra crossings in your area?**

Four pedestrians have been involved in crashes, one seriously injured, two minor injuries and one non-injury. The crossing at the location of the serious injury has since been raised and a subsequent incident resulted in one of the minor injuries below.

-

**4. In the past 5 years, how many pedestrians have been injured on raised pedestrian crossings in your area?**

Four pedestrians have been involved in a crash on a raised pedestrian crossing, two received minor injuries and two non-injury.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

**Subject:** LGOIMA raised pedestrian crossings query

Hi there

Can you please answer the following, under the LGOIMA:

- 1) When did you build your first raised pedestrian crossing, and why? (As opposed to a standard zebra crossing)
- 2) How many have you built since?
- 3) In the past 5 years, how many pedestrians have been injured on traditional zebra crossings in your area?
- 4) In the past 5 years, how many pedestrians have been injured on raised pedestrian crossings in your area?

Thanks very much
